

Hi all,

Welcome to the new season for the Mallee Bulls.

A couple of things that may interest you.

We are planning to have a reunion in 2022 to celebrate 60 years of the Teachers College and University clubs foundation. It will in all probability be held on the June Long weekend.

We are going to set up a committee to organise this event and if anyone is interested in having input into the celebrations get back to me.

The other bit of interest is that thanks to Wayne Dobson there is a new club website which is a work in progress but it is already worth having a look at. You will be able to find out all the results plus read the newsletter from the site.

Wayne is attempting to find the names of all players to have played for both clubs and has made a start on it. Check it out and if your names doesn't appear get in contact with Wayne and he will add it to the list. Also if other names are missing get their names to Dobbo.

The address is:

Wollongongunirugby.weebly.com

Training has started and we will be entering 3 grades in the Illawarra comp, a colts team in a Sydney comp. a Women's team in the Sydney comp and an u/18 team also playing in Sydney. We will also field 7 junior teams and 2 girls junior teams.

The uni has also become a partner with the Canterbury Crusaders in developing a training academy on campus. They are also partners with Tottenham Hotspurs Football club. The thing is it costs each player \$15000 to be a part of the scheme and they must be enrolled in uni before they join. I am unsure just how this will develop.

Hope to see you at a game this year maybe at the Back to college Day which will be later in the year. I will send out the dates later.

Cheers

Glenn (Spgoggy)
